Who we are

Founded in 1997, BIONAP is an Italian company which produces standardized extracts for cosmetic and nutraceutical applications. Our mission is to discover active substances contained in Mediterranean foods and plants and to create ingredients for wellbeing and beauty products.

Quality and Research

- Bionap strictly controls the whole production process to ensure the highest manufacturing standards. Thanks also to the sister company Boniser, Bionap takes care of its own extracts from the seeds to the active compounds.
- Bionap products are strongly scientifically supported by ***several experimental and scientific trials***
- ***Qualified team of experts is BIONAP strength***

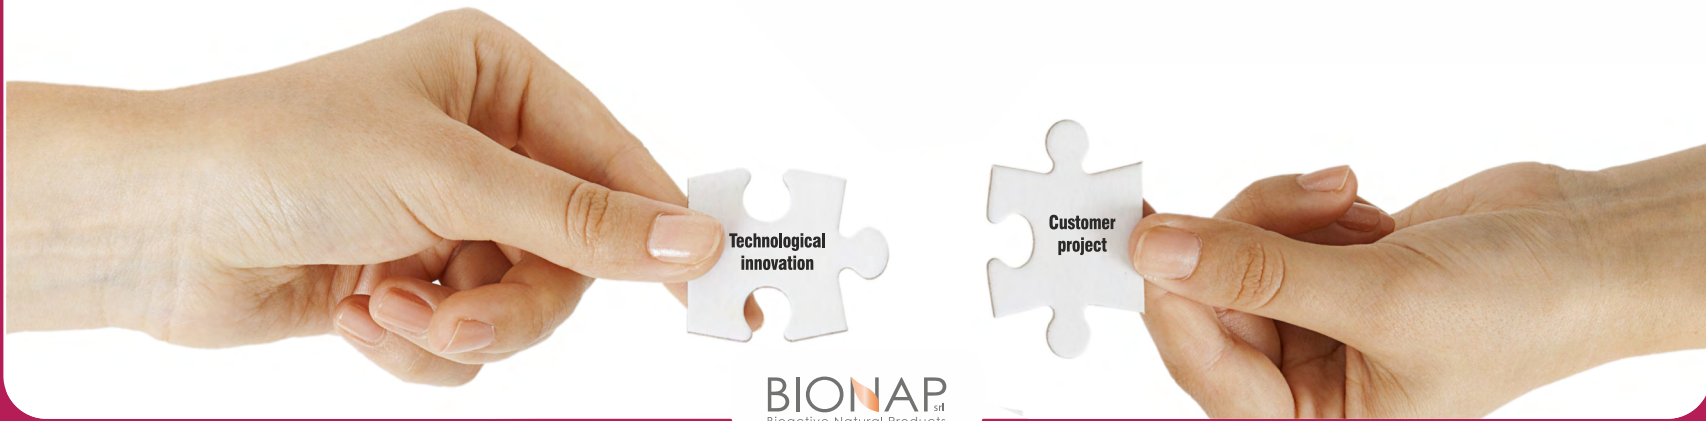

Azienda certificata secondo le norme ISO 9001 (n. IT255373) e ISO 13485 (n. IT255838)

Bionap's main concepts

- **The Mediterranean** is the source of our ingredients: Bionap develops its ingredients only from Mediterranean plants and fruits.
- **Sustainability & Green Practices:** Bionap follows an eco-sustainable approach, in fact most of the cosmetic ingredients comes from by-products or co-products of the Mediterranean agricultural production.
- **Focus on Customers:** Bionap is not just a producer of ingredients, it provides projects to support its partners' ideas.
- **Scientific Profile:** Bionap collaborates with many Italian and foreign universities and supports its products with several scientific studies published in the most authoritative international journals.
